COFFEE CHILDREN NEED DIPHTHERIA TREATMENT TO PREVENT EPIDEMIC

Coffee and Geneva County children have not been as well protected during the war years as they were before the war. Fewer expectant mothers have received antenatal supervision. Fewer infants have received the benefit of nursing visits in their homes or at community meetings. Fewer children have been immunized against childhood's enemy diphtheria. This last condition is serious.

A count of the Health Department's diphtheria immunization file shows that a dangerous condition exists. So many children, born during the war years, have not been immunized against diphtheria that an epidemic is not only possible but likely this winter unless more babies are protected at once. The large number of unprotected children threatens the return of diphtheria which has only been kept away by the use of immunizing toxoid. The Health Department is taking the following steps:

1. Letters are being mailed to all parents whose children under four years of age have no record of diphtheria protection. (Note: Parents are requested to notify the Health Department of all children immunized by private physicians. Children should have diphtheria toxoid after six months of age.)

2. Clinics are being scheduled in all parts of the county.

3. Office hours for diphtheria protection: Enterprise court house, Saturday, 8 to 10; Elba courthouse, Saturday, 11 to 12.

4. Parents of young children are urged to realize that their children are better protected if all other children in the community are protected.

5. Clinics will be scheduled at every school in the county and will be announced after school opens.

6. Clinics in areas between schools are scheduled as follows: Sept. 3 and Oct. 1—Brooklyn Redmon's Store 9:30; Perry's Store, 11:30; Ballard's Mill—Alberton, 2:00. Sept. 4 and Oct. 2—Wise Mill.

Skin Area of Animals
Compared with their weight, small animals possess more skin area than large animals. A good example being the mouse which has relatively about 100 times as much skin area as an elephant. Oddly, this weight-surface factor determines the speed with which an animal falls, for instance, down a deep mine shaft. While a pony would be badly crushed and a cat would be killed but not mutilated, a mouse would not be hurt because of its rate of fall, after the first 100 feet or so, would be retarded and kept steady by the greater air resistance.

SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.

Lesson for September 8

JESUS AND SINCERITY OF SPEECH

LESSON TEXT—Exodus 20:16; Proverbs 20:23-25; Matt. 23:16-23. MEMORY VERSE—Wherefore putting away lying, speak every man truth with his neighbor—Ephesians 4:25.

God is truth, and therefore any kind of lie is evidence of godlessness. Satan is the father of lies (John 8:44) and the father of all liars.

"Thou shalt not" of God has to do primarily with perjury; that is, the telling of an untruth in court. This is one of the worst forms of lying, because it may result in the one against whom it is told being injured his liberty, his life or his property, or the destruction of his good reputation.

It is obvious, however, that the commandment covers all forms of lying, whether in business, in social contacts, in the home, or in the church. We might do well to consider what the Bible has to say about whisperers, talebearers, backbiters and others (see Lev. 19:16; 1 Cor. 12:18).

II. The Purpose of Lying (Prov. 20:23-25).

Sometimes as one hears the continuous stream of lies which flow from the lips of some men, one is apt to feel that it is just a bad habit of careless talking which has become a part of the life. There is, however, a real purpose behind the lies of men, and that is to deceive in order to get gain or advantage, or to cover up hatred. How much of all this there is in the world today—yes, and in the church. Those who profess to be the followers of Christ use the devices of the devil in their relations with fellow men, and thus they bring dishonor to the name of Christ. Christian workers who wish to appear greater than they are, or to look greater than others, use deceit and lying. With what results?

III. The Punishment of Lying (Prov. 20:25-28; Matt. 23:7-9).
One who lies in fact calls for another, and soon the liar has dug a pit so big that he stumbles and falls into it. He is like one who starts a great stone rolling, and lo, it rolls back on him and crushes him. Yes, in due time he is shown up before the entire congregation (v. 28).

Then, too, the lie does harm to others. No matter what its nature—half truth, or a truth used to deceive, or an outright falsehood—it bears awful fruit in the life of the one toward whom it is directed, or whose name is involved (v. 28). Once started, it is often impossible to stop. One cannot ever catch up with a lie.

But there is also a horrible and bitter fruitage of lies in the life and the heart of the liar. Lies do "come home to roost," and they make the heart and life of anyone who has a vestige of decency and honor left, miserably unhappy. Consider Peter (Matt. 26:75).

IV. The Practice of Lying (Matt. 26:69-75).
Sadly enough, the constant lying of the world seems to have infected the minds and hearts of Christians. Instead of being cleansed from this worldly delinquency they carry its awful tendencies into the church. The great lie within the Church, and one of Satan's prize exhibits, is the falsehood of modern religious liberalism (so-called), which is essentially a denial of real New Testament Christianity. Jesus said (v. 42) that if God is our Father we will accept him as the Christ. The lie who speaks sweet words about the example, the manhood, the leadership of the Master, and who denies him his place as God, is clearly in mind here as the follower of the father of lies.

Someone has suggested that the great spiritual problem of our day is not the conflict between the Church and the world; nor is it to determine how the Church can best serve the world, but rather what to do about the world which has gotten into the Church. How did worldliness get into the Church? The members brought it there after they had gone out and warmed themselves at the world's fire, and fellowshiped with the world in ungodly living.

The denials made by Peter seem almost unbelievable in the life of one who had been in immediate fellowship with the Lord and who had seen his glory. We have here a revelation of the fact that "the heart is deceitful above all things, and desperately wicked; who can know it?" (Jer. 17:9).

VOTE "NO"

Against Liquor Stores In Coffee County, September 17th.

The Ballot will read: "Do you favor the legal sale and distribution of Alcoholic Beverages within this county?"

Yes..... ()
No..... (X)

Your vote will decide whether Liquor Stores will be in Coffee County. Vote "No" as indicated above, and keep them out of your county.

Think before you vote. If you vote for the Liquor Stores to Coffee County you invite a business to your county that does one job only—MAKES DRUNKARDS. The Liquor Store furnishes the alcoholic drinks, the citizens these stores exist to furnish the material to make the drunkards. Before you vote, think seriously about how you would like to furnish a husband, wife, son, daughter, brother, sister, or some other relative, to make one of these drunkards.

Think before you vote, that when Liquor Stores come to a county they bring with them Beer Joints, Honky-Tonks, and Road Houses, where without police protection the worst in crime is done—from Murder to Gambling.

Remember, too, that the Liquor Business hurts ALL OTHER BUSINESS in your community.

Remember, also, that we are our brother's keeper. In the Holy Bible, Habakkuk 2:15 we read: "Woe unto him that giveth his neighbor drink, that heest thy bottle to him, and maketh him drunken." There are three ways by which you can give your neighbor drink, and put THY BOTTLE to him: Give it to him; Sell it to him; Vote to bring it close to him where he will be tempted to drink. The only safe position to take in regard to Alcoholic drinks is to not, handle not, taste not, look not, and vote not for it.

Look at the results produced in the social life by Alcoholic Drinks before you vote. J. Edgar Hoover, who is in charge of the Federal Bureau of Investigation, says the Crime Bill in America today is \$15,000,000,000, and that Liquor is responsible for one-third of this. He says Liquor is responsible for one-fourth of all automobile wrecks and deaths from them.

Look at this: The Federal Government gets \$2,000,000,000 revenue from the sale of Liquor annually. Then when the Government pays the \$5,000,000,000 which is one-third of the crime bill, your Government has lost \$3,000,000,000 by developing Alcoholic Drinks to be sold. Your State and County, where Liquor is sold, are losing by it in about the same proportion. The only way to get a profit from Liquor revenue is to keep the sale of it out of your county and get the division of revenue from the other counties in the State where it is sold. Your county and towns get their share of this revenue without having the Liquor Stores.

Think, Look and Listen to reason, and vote "NO" on September 17th. Influence others to vote "NO."

CITY COUNCIL SAYS NO LIQUOR STORE WILL BE SET UP IN ELBA

Elba's Mayor and City Council voted "No" on legal liquor sales by the State in the City of Elba, at its meeting Monday night when a majority of the governing body went on record as being opposed to the establishment of a Liquor Store within the corporate limits of the city, even if the county should vote for a state store system at the referendum to be held next Tuesday, September 17.

This was one of the objectives of the dry forces in this area have been working for, and they feel that their chances for victory on next Tuesday have been greatly strengthened. Liquor stores can only be established in municipalities where police protection is available. Dry forces are carrying the campaign against the proposed legal control plan into every community in the Western division of Coffee and will not let up in their efforts until the polls close on election day.

Coffee County Teachers Association in session in Elba Saturday night, also by unanimous vote a resolution expressing its belief in accordance with dry forces in their fight against the proposed legal sales of whiskey in the county, and pledging to work toward that end.

He says Liquor is responsible for one-fourth of all automobile wrecks and deaths from them.

Look at this: The Federal Government gets \$2,000,000,000 revenue from the sale of Liquor annually. Then when the Government pays the \$5,000,000,000 which is one-third of the crime bill, your Government has lost \$3,000,000,000 by developing Alcoholic Drinks to be sold. Your State and County, where Liquor is sold, are losing by it in about the same proportion. The only way to get a profit from Liquor revenue is to keep the sale of it out of your county and get the division of revenue from the other counties in the State where it is sold. Your county and towns get their share of this revenue without having the Liquor Stores.

Think before you vote. If you vote for the Liquor Stores to Coffee County you invite a business to your county that does one job only—MAKES DRUNKARDS. The Liquor Store furnishes the alcoholic drinks, the citizens these stores exist to furnish the material to make the drunkards. Before you vote, think seriously about how you would like to furnish a husband, wife, son, daughter, brother, sister, or some other relative, to make one of these drunkards.

Think before you vote, that when Liquor Stores come to a county they bring with them Beer Joints, Honky-Tonks, and Road Houses, where without police protection the worst in crime is done—from Murder to Gambling.

Remember, too, that the Liquor Business hurts ALL OTHER BUSINESS in your community.

Remember, also, that we are our brother's keeper. In the Holy Bible, Habakkuk 2:15 we read: "Woe unto him that giveth his neighbor drink, that heest thy bottle to him, and maketh him drunken." There are three ways by which you can give your neighbor drink, and put THY BOTTLE to him: Give it to him; Sell it to him; Vote to bring it close to him where he will be tempted to drink. The only safe position to take in regard to Alcoholic drinks is to not, handle not, taste not, look not, and vote not for it.

Look at the results produced in the social life by Alcoholic Drinks before you vote. J. Edgar Hoover, who is in charge of the Federal Bureau of Investigation, says the Crime Bill in America today is \$15,000,000,000, and that Liquor is responsible for one-third of this. He says Liquor is responsible for one-fourth of all automobile wrecks and deaths from them.

ELBA FUTURE FARMERS GET BANNER AS BEST CHAPTER IN STATE

The Elba Chapter of Future Farmers of America was well represented at the state convention held in Auburn August 25 and 27, with the local president, Junior Griffin, acting as delegate and Joe Meacham, Donald Kelley, Fred Martin, Emory Wise and Lamar Parker attending to receive their State Farmer Degrees. The degree of State Farmer is the highest award that any member can win in the state.

In addition to these Future Farmers being awarded the State Degree, they were made happy when the State President, Max McLaughlin, presented Junior Griffin with a banner for having the Best Chapter in the state of Alabama. Each year a banner is given to the chapter that has completed the most outstanding program of work and for the two years past the Elba Chapter has won third place. But with some additional work and effort on the part of the local chapter under the guidance of their adviser, Mr. E. F. Gieger, they won first place this year.

All of the time in Auburn was not filled with speeches and meetings, so the boys were able to see some of the farming practices being carried on by the Experiment Station there. They summarized the trip by saying it was educational as well as pleasant.
